The Sun is made up of 60 minitriangles, 12 minisquares & 2 minihexagons. The Teddy-bear was built with 60 minitriangles, 17 minisquares, 6 minipentagons & 9 minihexagons.
Christmas models ideas:

The Christmas Tree on the left & centre consists of three square pyramids one on top of the other. The one on the right-hand side has a triangular pyramid at the top and two square pyramids underneath.

This is a reindeer with a sleigh attached to its tail. It is delivering presents to well-behaved children. With the contents of Pack No. 2 you can build both the reindeer, the cart, the path and the present at the same time!

Each taper candle holder requires 33 triangles, 23 squares, 2 pentagons and 1 hexagon.
